

# RAHIM AJMAL IKHLAS

Bay Area, CA | (510)-993-5450 | [rahim.ajmal4@gmail.com](mailto:rahim.ajmal4@gmail.com) | [LinkedIn](#)

## PROFILE SUMMARY

I am a current Bachelor of Science in Computer Science student with a foundation in software development, database management, and problem-solving, actively seeking internship opportunities to apply and expand my skills. With hands-on experience in building responsive web applications, designing interactive games, and optimizing data processes, I am adept at creating impactful, user-focused solutions. Skilled in collaborating with diverse teams and managing projects to meet deadlines, I am eager to contribute effectively in a dynamic, growth-oriented environment.

## EDUCATION

### San Francisco Bay University

Bachelor of Science in Computer Sciences

Fremont, CA

Expected: May 2026

- **Awards:** Founder's Scholarship
- **Relevant Coursework:** Intro to Computer Science (Python), Data Modeling and Implementation Techniques, Data Structures, JavaScript, and Internet Programming.

### Augustana College (*Transferred*)

Bachelor of Science in Computer Sciences

Rock Island, IL

Aug 2022- May 2024

## TECHNICAL SKILLS

- **Programming Languages:** Python, Java, Ruby, React, JavaScript, HTML, CSS.
- **Graphic Design Tools:** Adobe Premier, Photoshop, Canva
- **Database Management Systems:** MySQL, SQL
- **Microsoft Office Suite:** Excel, Word, PowerPoint, Outlook, Access.

## WORK EXPERIENCE

### EDGE Summer Intern

Jun 2023 - Aug 2023

### Augustana College

Rock Island, IL

- Designed and developed websites tailored to client specifications using HTML scripting.
- Optimized website performance, ensuring faster load times and seamless user experience.
- Collaborated with clients and team members to understand project requirements and deliver customized solutions.
- Maintained a structured work schedule to meet project deadlines, demonstrating strong time management skills.

### Global Ambassador & Co-Leader

Aug 2023 – May 2024

### Augustana College

Rock Island, IL

- Led the Office of International Student and Scholar Services, serving as a role model and primary point of contact for incoming international students.
- Coordinated events and orientation programs to ensure a welcoming experience for first-year international students.
- Collaborated with a diverse team to develop cross-cultural engagement initiatives and campus events.

## ACADEMIC PROJECTS

### SQL Database Management | Tools: SQL, MySQL

Fall 2024

- Designed and managed SQL tables to organize structured data for an inventory management system.
- Wrote and optimized complex SQL queries for data insertion, updates, deletions, and retrieval, improving data processing efficiency.

### Website Development | Tools: HTML, CSS, JavaScript

Summer 2023

- Developed a responsive, multi-page website with a clean layout, utilizing HTML for structure, CSS for styling, and JavaScript for interactivity.
- Integrated interactive features such as hover effects, buttons, and navigation menus, enhancing user engagement.
- Implemented responsive design techniques to ensure compatibility across desktops, tablets, and mobile devices.

### Asteroid Shooter Game | Tools: Python graphics

Spring 2023

- Developed an engaging 2D arcade-style game where players earn points by shooting asteroids, featuring smooth, responsive controls for an immersive gaming experience.
- Engineered a dynamic high score tracking system, allowing players to save, retrieve, and display their top scores across multiple game sessions.
